The Forum of Executive Women

*For women, the road to success often presents barriers to that success.*

*There are times when someone's encouragement can mean the difference between quitting and persevering.*

*The Women's Speaker Club of The Forum of Executive Women is committed to providing a source of inspiration to emerging leaders to encourage them to break through barriers they encounter along their desired path.*

If you are interested in having a member of The Forum's Women's Speaker Club talk at your event, please feel free to contact us.

You will be matched with a speaker that best meets the needs of your audience.
